

VON CHALANT
SONG LYRICS
BATTLE OF THE BANDS
(originals)

"Risking Your Life"

concentrate
don't look down
it's not right what we're
trying to pull

oh but at the same time
you know you really want to
nevermind
cuz it's gonna break

Chorus:

i'm look for the best way
so later we can celebrate
i know that it is dicey
but it just might work

stylish innocence
this kid knows what he's doing
keep it under wraps
and lets get this overwith

verse 2:

just be careful
don't look back
tell it to me slow
because i cannot comprehend

millions of people are
tuning in
it can't be a joke
it makes perfect sense

(chorus)

bridge/outro:

nothing's wrong
nothing's right
what's it gonna take for you to
come out tonight

nothing's wrong
nothing's right
i'm gonna sell it to you
and you will feel alright

"Soda Bar"

All the things that i've kept inside,
all the things that i've hid behind,
this doesn't seem to go away,
i'm searching for better days.
The nights have seemed so long,
since that soda bar is gone,
i'm wasting away right here.

chorus- Reach out,
don't be the only one to stand out,
be proud,
don't ever walk alone. (2X)

- We lit fires on the beach,
all the memories out of reach,
everything has gone away,
i'm searching for better days,
and when the fires all burned out,
what is this life all about?
it's so hard to live right here.

"A Little Part of You"

Time goes by unexplained,
feel the rush fall on your face,
the wheels keep on turning,
the lights fall from burning,
can't do it myself,
if you want to come help,
I keep believing all the things that I'm
seeing,
all the pain on the faces from people who
are bleeding.

chorus- Why do we have to live this way,
patience and grace will come someday,
and I...really think it's that time,
why can't we all just face the truth,
isn't there a little part of you that knows...
it isn't all that bad.

"Crime"

(verse one)
sayin sorry only gets you so far
but in this world they'll be things that'll
pick you apart
maybe i'm losing this dirty war
i'm lying here with my blood on the floor
i'm right back on parole

(chorus)
just one more minute i'll be ready to go
and everyone's got to make sure he
doesn't show
cuz that's one more reason everybody
has to know
i hit the ground running, the whole place
starts to fall

(verse 2)
my time is up in this cold hard world
my mind is racing with countless thoughts
of that girl

the one that made me lose my head
another night with her and i'll be dead
i'm right back on parole

chorus

(bridge 8x)
i can't breathe
i cant see
everything you've done to me
everything you've done to me

"Enough is Enough"

verse one:
what do you think about
starting over
call up that real estate guy
what is his number

nobody cares if the prices are
obscene
i'm thinking that sort of thing is
becoming routine

we're gonna move somewhere where the
people are clean
where the houses are really nice
and where the grass is green

(hold on G two measures)

chorus:
ooooooooooooohhhhhhhhhhh
it doesn't matter what you thought you
said
what is this, what is this, what is this
you never told me that it takes so much
effort to resist
ohhhhhhhhhh
ohhhhhhhhhh
(verse riff once)

verse two:

lets check into
the hotel
what are you joking
no i mean very well

the sky is the limit
for your breaking news
i've got a doctor in here
and he can look at that bruise

all i'm asking for is to
cut me some slack
cuz once you go there
you can never come back

(chorus 2)

(instrumental bridge)

outro -

why don't you find another
way to get high
besides messing up
and rolling snake eyes

it's hard to be sure
how to pay your last respects
when there's nothing more
than making saints out of rejects

where do you stand
on this important issue
well i tell you my friend
i'm standing right here next to you

they're really really sorry
but they're getting on to us
enough is enough
enough is enough

enough is enough
enough is enough
enough is enough
enough is enough
